The benefits you'd expect from a company committed to making a better paper for

#### No Jam Paper

You'll be frustration free. In an independent test, *Duplus A* ran through a high-speed copier for 24 hours at one page per second without a single jam.

#### Sharp Printing

An even, high-density, low-ash surface makes copies as sharp as the original, whether in clear black and white or in vibrant color.

#### So Smooth

With 30 million fibers per gram, *Duplus A* Paper has superior formation.

#### Bright & White

Our paper has impeccable print contrast and actively resists fading.

#### Copier Friendly

A low-ash content keeps machines moving and prolongs copier life and productivity.

#### Double-Sided Perfection

High quality fiber for high opacity + premium formation = double-sided with no show through. Two sides for twice the use.

#### Lasts Longest

Our acid-free paper archives your important information with superior quality for years to come.
